

# Bc. Václav Štencel

## Profile

Experienced frontend engineer and tech lead with over 7 years of experience building scalable web applications and leading frontend architecture initiatives.

Strong focus on Vue.js, TypeScript, and modern design systems, with hands-on experience in refactoring large legacy codebases and driving consistency through custom UI libraries. Passionate about clean, maintainable code and developer experience.

## Professional Experience

**Easy Software s.r.o., Prague** Jul 2021 – Present  
**Frontend Tech Lead / Senior Frontend Developer**

- Lead frontend development of a large-scale project management platform (Easy Project).
- Design and implement a custom design system using Vue.js 3, TypeScript, Storybook.
- Architect and develop microfrontend modules integrated into a Rails-based monolith (Vite, Pinia, GraphQL).
- Modernization of legacy jQuery components to modern frontend architecture.
- Mentored developers, performed code reviews, and introduced CI/CD and workspace automation (GitLab, Yarn 4).
- Design n8n workflows to automate processes
- Using AI tools with developing process - Github Copilot, Claude, Chat GPT, Codex, Builder.io

**Atteq s.r.o., Prague** Dec 2017 – Jun 2021  
**Fullstack Developer (Frontend Focus)**

- Develop and maintain frontend applications using Angular, Vue.js, and TypeScript.
- Work on backend integration (Perl, Python) and REST APIs.
- Collaborate with designers and product owners to deliver maintainable, performant web solutions.

### Selected projects:

Marble.cards – NFT collectible platform (Angular, TypeScript, RxJS)

Zoznam.sk – major Slovak web portal (Perl, JavaScript, fullstack)

Sistrapp – The Woman's Professional Network (Angular, TypeScript, RxJS)

**Novus Czech Republic s.r.o., Luh pod Smrkem** Mar 2014 – Nov 2017  
**Graphic Designer**

- Designed custom logo mats and visual assets in Adobe Photoshop and CorelDRAW.
- Communicated directly with clients to deliver tailored visual concepts.

## Education

**Technical University of Liberec**

Bc., Faculty of Mechatronics, Informatics and Interdisciplinary Studies
